both academic and private practice settings. A substantial stipend is offered. The OMS selected for this position must be able to obtain either an unrestricted North Carolina and South Carolina dental license or North Carolina medical license and South Carolina dental license. The fellow also must obtain hospital privileges and be available July 1, 2023, through June 30, 2024. The candidate will have extensive exposure to consultations, diagnosis, interdisciplinary treatment planning, treatment and postoperative management of a wide array of patients. It is expected that the fellow will be involved with several hundred major surgical cases. Carolinas Center for Oral and Facial Surgery (CCOFS), based in Charlotte, N.C., is a 24-surgeon practice throughout eight offices in North Carolina and six in South Carolina possessing OR facilities and accredited by the AAAHC. CCOFS has in-house anesthesia (anesthesiologist and CRNAs), three orofacial pain specialists and three prosthodontists in the practice who add to the collaborative environment. The surgeons are well-known locally and nationally in the OMS specialty. To apply, an application must be completed and returned by Aug. 31 of each year. The selection will be made before Dec. 31 of each year to allow time for licensure. Interested candidates can email dkatopodis@mycenters.com for an application. For more information on the practice, log on to mycenters.com.

New Hampshire

Established, multi-office, state-of-the-art practice opportunity available in tax-free southern New Hampshire starting July 2022 for board-eligible oral surgeon. We offer a fast track to practice ownership position with flexible buy-in options defined before you start working with us – not after a one- or two-year “associateship.” Our approach is more contemporary than traditional buy-in/buy-out practice models, taking you to a higher income level earlier rather than adding more debt to your buy-in and eliminating the burden of buying out retiring partners. Our offices offer the full range of OMS services, primarily office-based dentoalveolar and implant surgery. Enjoy the proximity to Boston, but with all the benefits of living here – seacoast, Lakes Region, White Mountains, great schools and the opportunity to enjoy your personal endeavors while taking care of your patients. Our offices are open Monday to Friday with minimal weekend hospital-call demands. Base salary and production-based bonus from the start. Benefits include continuing education and board preparation, health insurance and retirement options. If you are ready for a great balance of personal and professional quality of life, send your CV and a cover letter to bfewins@specialty1partners.com or alacclair@specialty1partners.com.

Virginia

Eastern Virginia Oral & Maxillofacial Surgery offers an excellent opportunity for an oral surgeon to join our well-established and growing practice. We are currently a two-provider, two-location practice located in the Virginia Beach and Norfolk areas of coastal Virginia. Our area has much to offer. Outdoor enthusiasts will be challenged by the waterways and beaches as well as the many natural parks and hiking trails. Food enthusiasts will enjoy the wide range of offerings of local and international cuisines. History, art and theater are also well represented. We have served our community through dedication to providing excellent patient care. Our solid referral base of well-respected, high-quality dentists and specialists work with us in our mission of excellence and dedication. Our practice leads this area in providing robotic and dynamic navigation for placing dental implants. We practice full scope and cover one local hospital where we have block OR time and limited trauma call. As partners, we take pride in having a collaborative culture that allows us as individuals to develop our own areas of surgical interests while maintaining a solid core oral surgery base for our community. We are excited to bring on a motivated, like-minded associate who shares our philosophy and dedication to patient care. This opportunity can lead to partnership for a board-certified surgeon. We look forward to discussing this opportunity with interested parties. Please send inquiries to administrator@easternvirginiaoms.com.

Washington

Well-established solo practice in Seattle suburbs looking for another surgeon to grow into the practice as an associate with future partnership potential. The ideal candidate has a strong background in office-based implant, dentoalveolar and pre-prosthetic surgery and is comfortable administering anesthesia in the outpatient setting.

To single-owner oral surgeons considering retirement or buyout: Instead of selling to private equity at 1X EBITDA and putting patients in the hands of investors, OMS Consulting offers an alternative solution that allows an OS to maintain ownership as a passive income source and continue the employment of their staff. OMS Consulting is an oral surgeon-owned organization, which allows us to focus more on the patient experience. We provide an oral surgeon and nurses, who visit the clinic frequently enough to manage the patient volume of the practice. Clinics must have gross collections of \$2.5M-plus to be considered. Owners receive 40 percent of collections, resulting in more income than would be possible with an acquisition, while also preserving standard of care, ownership of the asset and the right to eventually sell the practice in the future.
